SINGER® QUANTUM® 9940

The New Face of Sewing!

QUANTUM® 9940

A cut above the rest!

A sewing machine is special when it helps you unleash your creative potential. An outstanding selection of exquisite stitch programs is what you need once you've discovered new ways of computerized sewing. Equally important is an extraordinary sewing comfort that leaves commonly known standards behind. The **SINGER® QUANTUM® 9940** lives up to these high expectations: You'll be hooked on this kind of sewing!

Uniquely embellished garments or decor items for indoors and outdoors are a feast for everybody's eyes. To bring great ideas to life is an easy task with the **QUANTUM® 9940**. Forget about reading instruction books! Its large LCD screen tells you what to do, with easy-to-follow pictograms plus audible and visual warning messages. Broken thread? Full memory? You are alerted immediately. The screen also displays the selected program, stitch and presser foot recommendations plus other helpful information.

Highest sewing comfort is our main concern. That's why the **QUANTUM® 9940** is equipped with everything needed for exceptional sewing. An outstanding repertoire of stitches, up to 7 mm wide, with mirrored, reversed or elongated image variations, plus 3 alphabet styles provide you with a tremendous number of stitch options for creating out-of-the-ordinary, personalized things.

393 Stitch programs including:

3 alphabets with upper and lower case letters (block, script and block italic fonts) plus numerals, 12 professional buttonhole styles

LCD Display shows:

- > selected stitch as pictogram with optimal width/length settings
- > stitch and presser foot recommendations
- > icon functions
- > visual warning messages
- Pictogram operation – no text!

Memory capacity:

max. 60 decorative and alphabet stitch programs. Plus pattern editing function

QUANTUM[®] 9940

Outstanding features for extra convenience:

LCD Display

All information at a glance!

One-step buttonhole system

Simply place the button in the buttonhole foot's guide – and the **QUANTUM[®]** will sew a matching buttonhole, fully automatically.

Top drop-in bobbin

You are in constant control of the bobbin thread thanks to the machine's unique top drop-in bobbin with transparent cover.

Change presser feet in a snap

Snap on/off convenience lets you change all presser feet in seconds.

Quick threading system

Just follow the marked threading path.

Insert the thread into the thread guides and the **SINGER[®] QUANTUM[®]** is ready to sew.

OPC – Optimum Power Control

You always have maximum power, even when sewing multiple fabric layers thanks to the electronically controlled needle piercing power.

Automatic needle threader

Simply place the thread into the automatic needle threader and pull it through – within seconds the needle is ready to start.

Slow sewing button

The machine lets you sew at fast or slow speed. Simply touch the slow sewing button and the machine will sew at half speed.

Needle up/down function

It's up to you to let the needle stop in an "up" position or "down" in the fabric. Ideal for precise fabric pivoting when sewing corners and curves.

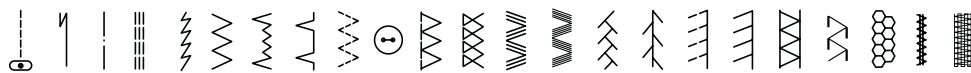

Visual and audible signals

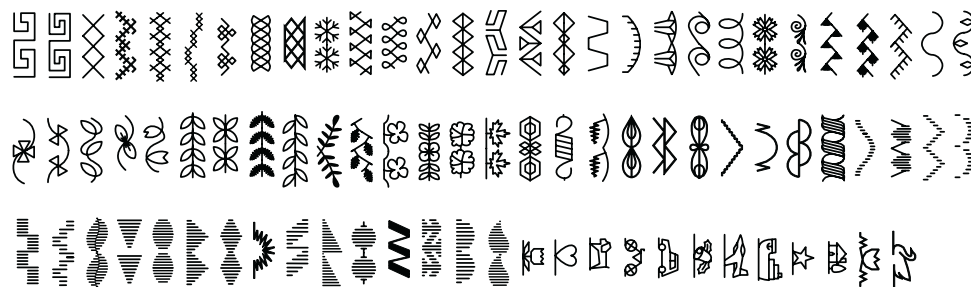

They remind you, for instance, to raise or lower the presser foot, alert you to check the upper thread or tell you that the machine's memory is full.
